MAMERN'13

Date: April 22-25

Place: Granada, Spain

The 5th International Conference on Approximation Methods and Numerical Modeling in Environment and Natural Resources MAMERN13
Deadline for submission of abstracts: January 7, 2013

Topics

Approximation and modeling applied to environment sciences and natural resources

New applications and developments in approximation methods

Mathematics and computation in geosciences

Modeling of ecosystems

Oceanographic and coastal engineering

Numerical modeling of flow and transport in porous media

Mathematical analysis of models in porous media

Multi-Scale Modeling of Flow and Transport in Porous Media

Statistical modeling in geosciences. Uncertainty quantification

Stochastic partial differential equations
