### AAMD DIRECTED JOURNAL READING PROGRAM

All Certified Medical Dosimetrists (CMD's) are invited to participate in the American Association of Medical Dosimetrists Directed Journal Reading Program. Each issue of Medical Dosimetry will contain a directed reading eligible for MDCB continuing education credit (CEC).

This program is voluntarily written, reviewed and distributed for publication by the AAMD Directed Journal Reading Committee as a benefit and service to AAMD members.

The AAMD office will score, maintain individual record and provide the participant with a yearly printout of AAMD Directed Journal Reading Program participation. This service is **FREE** for AAMD members if the test is taken on-line. However a charge of \$20.00 will be assessed if the quiz is taken and an answer sheet is mailed in. Non-members may take the test for a fee \$50.00 US Funds/quiz. Checks should be made payable to **AAMD**.

Amount of credit awarded by the MDCB Continuing Competency Committee for each quiz is determined by their experts. Some quizzes will encompass material from two (2) different manuscripts of the same issue.

The participant must score 2/3 of all questions correctly to receive credit.

### INSTRUCTIONS FOR COMPLETING THE AAMD DIRECTED JOURNAL READING PROGRAM

1. Read the manuscript associated with the directed reading quiz in each issue.
2. Go to [www.medicaldosimetry.org/djr/category.asp](http://www.medicaldosimetry.org/djr/category.asp). Submit the answers on-line
3. If you are not a member of AAMD, please go to the above website and follow the directions for non-members. Any fees due may be submitted to:

**AAMD Directed Journal Reading Program**  
**AAMD**  
**One Physics Ellipse**  
**College Park, MD 20740**

Questions regarding the amount of credit awarded should be forwarded to the MDCB Continuing Competency Committee, MDCB, P.O. Box 51627, Albuquerque, NM 87181-1627.

Questions regarding the quiz or article content should be forwarded to AAMD Directed Journal Reading Committee, AAMD, One Physics Ellipse, College Park, MD 20740

## DIRECTED JOURNAL READINGS

THESE MANUSCRIPTS CAN BE FOUND IN MEDICAL DOSIMETRY, VOL. 31 NO. 1

REFERENCE NO. **31-3** EXPIRATION DATE: **September 30, 2007**

All certified medical dosimetrists, who participate in the MDCB Continuing Competency Program, are eligible to enroll in this yearly program. CMD's who correctly score a minimum of 2/3rds of questions will receive the MDCB approved credit in their AAMD Home Study Record. Members may take the quizzes **ON-LINE at NO COST. Please go to [www.medicaldosimetry.org/djr/category.asp](http://www.medicaldosimetry.org/djr/category.asp)** The individual will receive immediate feedback. If the quiz is not successfully completed, it may be taken up to three times, although only once per day.

All certified medical dosimetrists participating in the AAMD Directed Journal Reading Program will receive a yearly transcript of credit awarded for their personal record.

Non-members may take the quizzes for a fee of \$50.00 per quiz. Please make the check payable to AAMD and mail it with your answer sheet. **Please go to [www.medicaldosimetry.org/djr/category.asp](http://www.medicaldosimetry.org/djr/category.asp) and follow the directions.**

**At the time of printing, the committee had not yet heard from MDCB with the point value or reference numbers. These numbers are posted with the quizzes on the website.**

To earn credits with the MDCB, CMDs must submit a certificate of attendance, transcript or some other proof of attendance or passing of self-test with the reference numbers listed provided by the activity sponsor. In order to receive proof of passing, print out the status screen at the time of passing the quizzes. This should then be submitted to MDCB.

**Beginning with Vol. 32-1 the quizzes will no longer be published in the journal. They will only be available on-line.**
