Targeted Glycoengineering Extends the Protein *N*-glycosylation Pathway in the Silkworm Silk Gland

Hideaki Mabashi-Asazuma, Bong-Hee Sohn, Young-Soo Kim, Chu-Wei Kuo, Kay-Hooi Khoo, Cheryl A. Kucharski, Malcolm J. Fraser, Jr., Donald L. Jarvis

PII: S0965-1748(15)30020-5

DOI: [10.1016/j.ibmb.2015.07.004](https://doi.org/10.1016/j.ibmb.2015.07.004)

Reference: IB 2735

To appear in: *Insect Biochemistry and Molecular Biology*

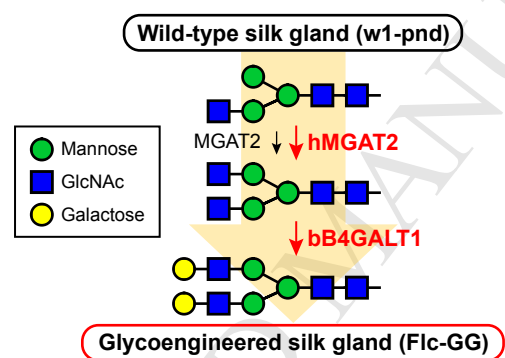

Received Date: 17 May 2015

Revised Date: 2 July 2015

Accepted Date: 3 July 2015

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
