Accepted Manuscript

Photosynthetic adaptation strategy of *Ulva prolifera* floating on the sea surface to environmental changes

Xinyu Zhao, Xuexi Tang, Huanxin Zhang, Tongfei Qu, Ying Wang

PII: S0981-9428(16)30217-0

DOI: 10.1016/j.plaphy.2016.05.036

Reference: PLAPHY 4567

To appear in: *Plant Physiology and Biochemistry*

Received Date: 4 January 2016

Revised Date: 26 May 2016

Accepted Date: 26 May 2016

Please cite this article as: X. Zhao, X. Tang, H. Zhang, T. Qu, Y. Wang, Photosynthetic adaptation strategy of *Ulva prolifera* floating on the sea surface to environmental changes, *Plant Physiology et Biochemistry* (2016), doi: 10.1016/j.plaphy.2016.05.036.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
