

Reviewer acknowledgment

The standard of a scientific journal is to a great extent dependent on the quality of its reviewers. The quality of the journal is thus also thanks to all reviewers, all those scientists that volunteer to contribute to improving the quality of Soil Biology and Biochemistry by guiding the authors in their efforts to communicate their results. Soil Biology and Biochemistry would like to thank the following reviewers for their important contribution to the quality of the journal in 2014.

Lynette Abbott
David Achat
Corinne Ackerman
Veronica Acosta-Martinez
Bartosz Adamczyk
Sina Adl
Alberto Agnelli
Göran Ågren
María del Mar Alguacil
Mike Allen
Steven Allison
María Almagro Bonmatí
