This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Running head: Demographics, Epidemiology and Inheritance of Pancreatic Ductal Adenocarcinoma

Date: 3/11/14

Prepared for: *Seminars in Oncology- Pancreatic Ductal Adenocarcinoma*

Guest Editors: Harish Lavu, MD and Charles J. Yeo, MD, FACS

Title: Demographics, Epidemiology and Inheritance of Pancreatic Ductal Adenocarcinoma

March 2014
