## Guidelines

# 2014 ESC Guidelines on the diagnosis and management of acute pulmonary embolism.

## Summary document prepared by the Czech Society of Cardiology<sup>☆</sup>

Richard Rokyta<sup>a,\*</sup>, Martin Hutyra<sup>b</sup>, Pavel Jansa<sup>c</sup><sup>a</sup> Cardiology Department, Complex Cardiovascular Center, University Hospital and Faculty of Medicine Pilsen, Charles University Prague, Czech Republic<sup>b</sup> Palacký University, Faculty of Medicine and Dentistry, University Hospital Olomouc, Heart Center Olomouc, Department of Internal Medicine 1 – Cardiology, University Hospital Olomouc, Czech Republic<sup>c</sup> Charles University, 1st Faculty of Medicine, 2nd Medical Department, Clinical Department of Cardiology and Angiology, Prague, Czech Republic

**Authors of the original ESC full text document: Stavros Konstantinides, Adam Torbicki et al. on behalf of the ESC Task Force. Endorsed by the European Respiratory Society (ERS).**

## ARTICLE INFO

## Article history:

Received 22 April 2015

Accepted 12 May 2015

Available online 2 July 2015

## Keywords:

Guidelines

Pulmonary embolism

Venous thrombosis

Shock

Hypotension

Chest pain

Dyspnoea

Heart failure

Diagnosis

Treatment-anticoagulation

Thrombolysis

## Contents

|        |  |      |
|--------|--|------|
| 1      | Preamble   | e277 |
| 2      | Introduction   | e277 |
| 2.1    | Epidemiology   | e277 |
| 2.2    | Predisposing factors   | e277 |
| 2.3    | Natural history  | e277 |
| 2.4    | Pathophysiology  | e277 |
| 2.5    | Clinical classification of pulmonary embolism severity                                 | e278 |
| 3      | Diagnosis  | e278 |
| 3.1    | Clinical presentation  | e278 |
| 3.2    | Assessment of clinical probability   | e278 |
| 3.3    | D-dimer testing  | e279 |
| 3.4    | Computed tomographic pulmonary angiography   | e279 |
| 3.5    | Lung scintigraphy  | e280 |
| 3.6    | Pulmonary angiography  | e280 |
| 3.7    | Magnetic resonance angiography   | e280 |
| 3.8    | Echocardiography   | e280 |
| 3.9    | Compression venous ultrasonography   | e280 |
| 3.10   | Diagnostic strategies  | e280 |
| 3.10.1 | Suspected pulmonary embolism with shock or hypotension                                 | e280 |
| 3.10.2 | Suspected pulmonary embolism without shock or hypotension                              | e280 |
| 3.11   | Areas of uncertainty   | e281 |
| 4      | Prognostic assessment  | e281 |
| 4.1    | Clinical parameters  | e281 |
| 4.2    | Imaging of the right ventricle by echocardiography or computed tomographic angiography | e281 |
| 4.3    | Laboratory tests and biomarkers  | e282 |
| 4.3.1  | Markers of right ventricular dysfunction   | e282 |
| 4.3.2  | Markers of myocardial injury   | e282 |
| 4.3.3  | Other (non-cardiac) laboratory biomarkers  | e282 |
| 4.4    | Combined modalities and scores   | e282 |
| 4.5    | Prognostic assessment strategy (recommendation I)                                      | e283 |
| 5      | Treatment in the acute phase   | e284 |
| 5.1    | Haemodynamic and respiratory support   | e284 |
| 5.2    | Anticoagulation (recommendations II and III)   | e285 |
| 5.2.1  | Parenteral anticoagulation   | e285 |
| 5.2.2  | Vitamin K antagonists  | e287 |
| 5.2.3  | New oral anticoagulants  | e287 |
| 5.3    | Thrombolytic treatment   | e287 |
| 5.4    | Surgical embolectomy   | e287 |
| 5.5    | Percutaneous catheter-directed treatment   | e288 |
| 5.6    | Venous filters (recommendations IV)  | e289 |
| 5.7    | Early discharge and home treatment   | e289 |
| 5.8    | Therapeutic strategies   | e291 |
| 5.9    | Areas of uncertainty   | e291 |
| 6      | Duration of anticoagulation (recommendation V)   | e291 |
| 6.1    | New oral anticoagulants for extended treatment   | e292 |
| 7      | Chronic thromboembolic pulmonary hypertension  | e292 |
| 7.1    | Epidemiology   | e292 |
| 7.2    | Pathophysiology  | e292 |
| 7.3    | Clinical presentation and diagnosis  | e292 |
| 7.4    | Treatment and prognosis (recommendation VI)  | e292 |
| 8      | Specific problems  | e294 |
| 8.1    | Pregnancy (recommendation VII)   | e294 |
| 8.1.1  | Diagnosis  | e294 |
| 8.1.2  | Treatment  | e394 |
| 8.2    | Pulmonary embolism and cancer (recommendation VIII)                                    | e295 |
| 8.3    | Non-thrombotic pulmonary embolism  | e296 |
| 8.3.1  | Septic embolism  | e296 |
