Cause or Effect? Selective Serotonin Reuptake Inhibitors and Falls in Older Adults: A Systematic Review

Marie Anne Gebara , M.D., Kim L. Lipsey , M.L.S, Jordan F. Karp , M.D., Maureen C. Nash , M.D., Andrea Iaboni , M.D. D.Phil, Eric J. Lenze , M.D.

PII: S1064-7481(14)00345-5

DOI: [10.1016/j.jagp.2014.11.004](https://doi.org/10.1016/j.jagp.2014.11.004)

Reference: AMGP 447

To appear in: *The American Journal of Geriatric Psychiatry*

Received Date: 18 August 2014

Revised Date: 18 November 2014

Accepted Date: 20 November 2014

Please cite this article as: M.A. Gebara, K.L. Lipsey, J.F. Karp, M.C. Nash, A. Iaboni, E.J. Lenze, Cause or Effect? Selective Serotonin Reuptake Inhibitors and Falls in Older Adults: A Systematic Review, *The American Journal of Geriatric Psychiatry* (2014), doi: 10.1016/j.jagp.2014.11.004.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Cause or Effect? Selective Serotonin Reuptake Inhibitors and Falls in Older Adults: A
Systematic Review**

Marie Anne Gebara, M.D.¹, Kim L. Lipsey, M.L.S.², Jordan F. Karp, M.D.¹, Maureen C. Nash
M.D.³, Andrea Iaboni M.D. D.Phil⁴, and Eric J. Lenze, M.D.⁵

From the ¹Department of Psychiatry, University of Pittsburgh School of Medicine, University of
Pittsburgh, PA; ²Bernard Becker Medical Library, Washington University, St. Louis, MO;
³Department of Psychiatry, Oregon Health and Science University School of Medicine, Oregon
Health and Science University, OR; ⁴Department of Psychiatry, University of Toronto, Toronto,
ON and University Health Network, Toronto, ON; ⁵Department of Psychiatry, Washington
University School of Medicine, Washington University, St. Louis, MO.

Conflicts of Interest and Source of Funding: Drs. Gebara and Nash and Ms. Lipsey have no
financial disclosures. Dr. Iaboni's research is supported through the Faculty of Medicine,
University of Toronto and Department of Psychiatry University Health Network. Dr. Lenze
currently receives research support from Lundbeck and Roche. Dr. Karp has received
medication supplies for investigator-initiated trials from Pfizer and Reckitt Benckiser and
research support from an R01 grant AG033575. All authors have no disclosures to report.
