

Author index of volume 178 Supplement 1

- Abe, M., see Sano, Y. (178) 139
- Abo, T., Sagiya, K., Tsuchida, M., Kawamura, H., Wang, S., Li, C., Bai, X., Nagura, T. and Nozoe, S.
Age-related bias in function of natural killer T cells and granulocytes after stress: Reciprocal association of steroid hormones and sympathetic nerves (178) 176
- Aboufazel, T., see Matloubi, H. (178) 181
- Aboufazel, T., see Vodjgani, M. (178) 181
- Abraham, M., see Ochi, H. (178) 120
- Abrams, D., see Lidman, O. (178) 111
- Abramsky, O., see Karussis, D. (178) 75
- Abramsky, O., see Rosenmann, H. (178) 158
- Abramsky, O., see Boimel, M. (178) 245
- Abschuetz, A., see Nickles, D. (178) 135
- Achiron, A., see Miron, S. (178) 203
- Achiron, A., Snir, Y., Magalashvili, D., Feldman, A., Sonis, P., Snir, Y. and Gurevich, M.
Gene expression patterns identify short-term interferon- β -1a (Rebif) treatment effects in multiple sclerosis (178) 205
- Achiron, A., see Mandel, M. (178) 208
- Achiron, A., see Barliya, T. (178) 209
- Achiron, M., see Gurevich, M. (178) 206
- Adams, O., see Cepok, S. (178) 258
- Adams, R.A., Bauer, J., Sikorski, S., Flick, M.J., Lassmann, H., Degen, J.L. and Akassoglou, K.
Fibrin/Mac-1 interactions induce microglia activation and regulate relapsing paralysis in central nervous system autoimmune disease (178) 91
- Adamus, G., see Anekonda, T. (178) 60
- Adatia, F., see Niino, M. (178) 67
- Adorini, L., see Zanotti, L. (178) 75
- Affaticati, P., Mignen, O., Jambou, F., Potier, M.-C., Klingel-Schmitt, I., Degrouard, J., Liblau, R., Capiod, T. and Cohen-Kaminsky, S.
Is the immunological synapse glutamatergic? (178) 108
- Affaticati, P., see Kauffmann, A. (178) 145
- Agou, Y., see Miyazaki, T. (178) 179
- Aguirreburualde, M., see Ramsaran, R.V. (178) 236
- Aguirreburualde, M., see Hart, I.K. (178) 238
- Aharoni, R., Eilam, R. and Arnon, R.
Neuroprotection and neurogenesis induced by peripheral immunomodulatory treatment of experimental autoimmune encephalomyelitis with glatiramer acetate (178) 164
- Ahlqvist, J., Hammarstedt, M., Jacobson, S., Garoff, H. and Fogdell-Hahn, A.
Identification of host cell proteins in purified infectious human herpesvirus 6A (HHV-6A) viral particles (178) 114
- Ahmed, A., Fujimaki, H., Tin-Tin-Win-Shwe, Yamamoto, S., Tsukahara, S., Kurokawa, Y., Nakajima, D. and Goto, S.
Modulation of pro-inflammatory and neural activity-related gene expression in the olfactory bulb of mice by nasal inhalation of low-level toluene (178) 182
- Ahmed, S., see Tin-Tin-Win-Shwe (178) 111
- Ahn, M., see Kim, H. (178) 156
- Ahn, M., Moon, C., Kim, H., Lee, J., Koh, C., Matsumoto, Y. and Shin, T.
Expression of caveolin-1 in experimental autoimmune neuritis (178) 220
- Ahuja, J., see Jain, P. (178) 257
- Aibe, M., see Torisu, H. (178) 218
- Airas, L., Saraste, M., Väisänen, S., Kaaja, K., Färkkilä, M., and the Finnish Multiple Sclerosis and Pregnancy Study Group
Detection of NK-cells as putative regulators of multiple sclerosis disease activity during and after pregnancy (178) 194
- Akassoglou, K., see Adams, R.A. (178) 91
- Akira, S.
Viral recognition by innate immunity (178) 9
- Akira, S., see Kim, D. (178) 45
- Akira, S., see Babcock, A.A. (178) 82
- Akiyama, H., Obi, K., Mochizuki, H. and McGeer, P.L.
Occurrence of T cells in the substantia nigra of patients with dementia with Lewy bodies (178) 246
- Akman-Demir, G., Demir, G., Mutlu, M., Icoz, S., Kurtuncu, M., Yesilot, N. and Eraksoy, M.
Probable NMO IgG in Turkish patients with Devic's disease and MS (178) 217
- Akman-Demir, G., see Yesilot, N. (178) 240
- Alaeldini, A. and Latov, N.
Anti-gliadin antibodies in celiac disease target the C domain of synapsin I (178) 238
- Alain, C., see Delphine, B. (178) 66
- Alatab, S., see Niino, M. (178) 210
- Albani, S., see Billetta, R. (178) 162
- Albert, M.L., see Walter, L. (178) 146
- Alcaide, P., see Vega, J.L. (178) 81
- Alexaki, A., Nonnemacher, M.R., Kilareski, E.M. and Wigdahl, B.
IL-1 beta-induced differentiation and HIV-1 susceptibility to infection of a bone marrow progenitor cell line (178) 258
- Alexaki, A., see Nonnemacher, M.R. (178) 259
- Allan, S., see Cross, A.K. (178) 249
- Almeras, L., see El behi, M. (178) 197
- Aloisi, F., Serafini, B., Magliozzi, R., Vora, A. and Reynolds, R.
Dendritic cells and lymphoid microenvironments in the inflamed CNS (178) 29
- Aloisi, F., see Farina, C. (178) 46
- Alsing, I., see Sellebjerg, F. (178) 206
- Altintas, A., Ozkara, C., Oguz, F.S., Sohtaoglu, M., Uzan, M., Kekik, C. and Uysal, O.
Cytokine gene expression in patients with temporal lobe epilepsy related to hippocampal sclerosis (178) 263
- Alvarez, J.I. and Teale, J.M.
Evidence for differential changes of interendothelial junctions in murine neurocysticercosis dependent upon CNS vasculature (178) 139
- Amamoto, M., see Torisu, H. (178) 218
- Amassian, V.E., see Moshel, Y.A. (178) 183
- Amassian, V.E., see Ginsburg, D.B. (178) 263

- Amassian, V.E., see Silverberg, J.I. (178) 263
- Amitay, G., see Brenner, T. (178) 164
- Amor, S., see Heijmans, N. (178) 52
- Amor, S., see Huizinga, R. (178) 90
- Amor, S., see Laman, J.D. (178) 99
- Amor, S., see 'T Hart, B.A. (178) 117
- Amor, S., see Bajramovic, J.J. (178) 133
- Amor, S., see van Zwam, M. (178) 145
- Amouzegar, T.K., see Wolf, N.A. (178) 153
- Anderson, D.E., see Bregoli, L. (178) 48
- Anderson, D.E., see Kostianovsky, A. (178) 145
- Anderson, D.E., see Gandhi, R. (178) 147
- Anderson, E.R., see Pérez Laspiur, J. (178) 61
- Anderson, J., see Pérez Laspiur, J. (178) 61
- Andersson, Å., see Marta, M. (178) 105
- Andersson, M., Svenungsson, E., Khademi, M., Lampa, J., Brundin, L. and Wallström, E.
No signs of immunoactivation in the cerebrospinal fluid during infliximab treatment (178) 210
- Andersson, M., see Hopia, L. (178) 239
- Andersson, M., Svenungsson, E., Khademi, M., Lampa, J., Brundin, L. and Wallström, E.
No signs of immunoactivation in the cerebrospinal fluid during infliximab treatment (178) 241
- Anderton, S.M., see O'Connor, R. (178) 31
- Andjelkovic, A.V., Stamatovic, S.M., Dimitrijevic, O.B., Keep, R.F. and Kunkel, S.L.
Chemokines and BBB function (178) 32
- Andriodias, G., see Nataf, S. (178) 195
- Andrzejak, S., see Matysiak, M. (178) 129
- Anekonda, T., Karren, L., Weleber, R.G. and Adamus, G.
Examining pathogenicity of anti-enolase antibodies in paraneoplastic and autoimmune retinopathy (178) 60
- Anghileri, E., see Marconi, S. (178) 268
- Angiari, S., see Rossi, B. (178) 106
- Anne, W., see Carine, V.-s. (178) 134
- Antel, J., see Jack, C.S. (178) 45
- Antel, J., see Arbour, N. (178) 99
- Antel, J., see Saikali, P. (178) 194
- Antel, J., see Garren, H. (178) 210
- Antel, J.P.
Mechanisms of immune-mediated demyelination in the CNS (178) 11
- Antel, J.P., see Darlington, P.J. (178) 84
- Antel, J.P., see Duszczyszyn, D.A. (178) 102
- Antel, J.P., see Niino, M. (178) 210
- Antony, J., see Zhu, Y. (178) 260
- Antony, J.M., Ellestad, K., Shariat, N., Hammond, R., Imaizumi, K., Mallet, F. and Power, C.
Syncytin-1 mediates endoplasmic reticulum stress in a transgenic mouse model of multiple sclerosis (178) 190
- Aoyama, M., see Harry, G.J. (178) 129
- Aoyama, M., Grissom, S.F., Gohlke, J. and Harry, G.J.
Age and injury-related molecular profiling of the subgranular zone (SGZ) in CD1 mice: Contribution to hippocampal injury-induced neurogenesis (178) 268
- Apiwatanakul, M.
A case report of the patient with tumefactive demyelinating lesion masqueraded brain tumor (178) 216
- Appel, S.H., Henkel, J.S., Beers, D.R., Xiao, Q. and Zhao, W.
Microglia: The double-edged sword in motor neuron injury (178) 19
- Araga, S., Tahara, T. and Ishida, I.
A new therapeutic approach for myasthenia gravis, based on the molecular recognition theory using KM miceTM (178) 232
- Arai, T., see Takata, Y. (178) 232
- Araki, M., Chung, D., Vijaykrishnan, L., Sobel, R.A., Hunter, K., Peterson, L.B., Wicker, L.S. and Kuchroo, V.K.
Idd5.4 on chromosome 1 mediates resistance to experimental autoimmune encephalomyelitis (178) 40
- Aramami, T., see Sato, W. (178) 148
- Aranami, T., see Doi, Y. (178) 78
- Aranami, T., Miyake, S. and Yamamura, T.
CD11c on NK cells mirrors the disease activity of multiple sclerosis (178) 102
- Araya, S., see Matsui, M. (178) 102
- Arbour, N., see Jack, C.S. (178) 45
- Arbour, N., Saikali, P. and Antel, J.
IL-15 provided by myeloid cells and astrocytes in the human CNS contributes to the persistence of activated myelin specific CD8 T cells: Implications for multiple sclerosis (178) 99
- Arbour, N., see Saikali, P. (178) 194
- Arce, V.M., see Barca, O. (178) 131
- Arce, V.M., see Castro, L. (178) 251
- Arckens, L., see Dumont, D. (178) 158
- Arendt, G., see Stuve, O. (178) 54
- Arendt, G., see Cepok, S. (178) 258
- Arezzo, J., see Gaupp, S. (178) 191
- Aricha, R., see Feferman, T. (178) 123
- Arima, K., see Satoh, J.-i. (178) 188
- Arimura, K. and Osame, M.
In vivo selection of T-cell receptor junctional region sequences by HLA-DRB1*0101 human T-cell lymphotropic virus type 1 (HTLV-1) envelope gp21 peptide complexes in HTLV-1 associated myelopathy/tropical spastic paraparesis (HAM/TSP) (178) 72
- Arimura, K., see Nakagawa, M. (178) 72
- Arimura, K., see Nose, H. (178) 72
- Arimura, K., see Sabouri, Z. (178) 182
- Arimura, K., see Iijima, M. (178) 224
- Arimura, K., Hashiguchi, T., Osame, M. and Kira, J.
Diagnostic criteria and nationwide survey of Crow-Fukase syndrome in Japan (178) 225
- Arimura, K., see Hashiguchi, T. (178) 225
- Arimura, K., see Kawaguchi, N. (178) 231
- Arimura, K., see Watanabe, O. (178) 237
- Arimura, K., see Hayashi, D. (178) 256
- Arimura, K., see Kubota, R. (178) 256
- Arimura, K., see Saito, M. (178) 256
- Arimura, K., see Matsuura, E. (178) 257
- Arimura, K., see Sabouri, A.H. (178) 257
- Armao, D., see Montes, M. (178) 79
- Armon, R., see Aharoni, R. (178) 164
- Arzberger, T., see Krumbholz, M. (178) 142
- Asakura, K., see Okuwa, T. (178) 253
- Asakura, K., Kontani, Y. and Ohara, Y.
The association of leader protein of Thiler's murine encephalomyelitis virus with clathrin-associated protein AP50 (178) 254
- Ashley, C., see Baecher-Allan, C.M. (178) 31
- Ashrafi, R., see Ayoub, S.S. (178) 164
- Assink, K., see Boven, L.A. (178) 78
- Assink, K., see Neuteboom, R.F. (178) 195
- Assink, K.F.H., see Bajramovic, J.J. (178) 133
- Axelsen, J.B., see Ron, N. (178) 111
- Axtell, R.C., see Raman, R. (178) 155
- Ayata, C.K., see Farina, C. (178) 46
- Ayoub, S.S., Ashrafi, R., Wood, E.G. and Bolton, C.
The regulation and production of prostaglandins E2 and D2 in acute and chronic-relapsing rodent models of multiple sclerosis (178) 164
- Azad, F.J., see Farid, R. (178) 181
- Azulay, D., see Karni, A. (178) 193
