This dedicated EM group is physician governed with a competitive compensation package, unique and attractive year end incentive bonus, comprehensive benefits

# UC DAVIS

## Clinical Director / Assistant Clinical Director

The Department of Emergency Medicine at the University of California, Davis School of Medicine, is conducting a faculty search for a mid-career Emergency physician to serve in a leadership role as either Clinical Director or Assistant Clinical Director, commensurate with experience and qualifications. For the qualified individual, there are substantial opportunities for leadership and growth within the Department and the School of Medicine. Candidates must be residency trained and board certified in Emergency Medicine, eligible for licensure in California, and have at least two years of clinical operations experience. Expertise in performance improvement, quality, patient safety and electronic health records is desired. Candidates are expected to enter at the Assistant, Associate or Professor level, commensurate with experience and credentials.

The University of California, Davis, Medical Center is one of the nation's "Top 50 Hospitals." It is a 576 bed academic medical center with approximately 65,000 annual Emergency Department visits. In 2010 we moved to a new, state-of-the-art ED, which provides comprehensive emergency services to a large local urban and referral population as a level 1 trauma center, paramedic base station and training center. The Department serves as the primary teaching site for a fully accredited Emergency Medicine residency program, which began more than two decades ago and currently has 42 residents. In addition, we provide advanced training through five emergency medicine fellowships, including research, ultrasound, toxicology, medical simulation, and advocacy/policy.

The Department is a national leader in emergency medicine research, especially federally-funded, multicenter research. Our department is also a recent recipient of an NHLBI K12 programmatic award to train the next generation of Emergency Medicine researchers.

Salary and benefits are competitive and commensurate with training and experience. Sacramento is located near the northern end of California's Central Valley, with close proximity to Lake Tahoe, San Francisco, and the "wine country" of the Napa and Sonoma Valleys. Sports enthusiasts will find Sacramento's climate and opportunities ideal.

Interested candidates should submit a letter outlining interests and experience, and curriculum vitae to Nathan Kuppermann, MD, MPH; Chair, UC Davis Department of Emergency Medicine; 2315 Stockton Blvd., PSSB 2100; Sacramento, CA 95817. Applications must be received by 3/31/12 to be fully considered. The University of California is an affirmative action/equal opportunity employer.
