

# Accepted Manuscript

Incorporation of non-invasive measures of liver fibrosis into clinical practice: diagnosis and prognosis

Sumeet K. Asrani, MD MSc

PII: S1542-3565(15)00989-1  
DOI: [10.1016/j.cgh.2015.07.030](https://doi.org/10.1016/j.cgh.2015.07.030)  
Reference: YJCGH 54396

To appear in: *Clinical Gastroenterology and Hepatology*  
Accepted Date: 22 July 2015

Please cite this article as: Asrani SK, Incorporation of non-invasive measures of liver fibrosis into clinical practice: diagnosis and prognosis, *Clinical Gastroenterology and Hepatology* (2015), doi: 10.1016/j.cgh.2015.07.030.

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

All studies published in *Clinical Gastroenterology and Hepatology* are embargoed until 3PM ET of the day they are published as corrected proofs on-line. Studies cannot be publicized as accepted manuscripts or uncorrected proofs.
