

ACADEMIC PEDIATRICS

Subject Index to Volume 10

A

Abstracts

Association of Pediatric Program Directors (APPD) research abstracts. 2010;10:e5-9

Adaptation, psychological

The importance of early parenting in at-risk families and children's social-emotional adaptation to school (McFarlane et al). 2010;10:330-7

Adolescent

Adolescent fighting: racial/ethnic disparities and the importance of families and schools (Shetgiri et al). 2010;10:323-9

Annual report on health care for children and youth in the United States: racial/ethnic and socioeconomic disparities in children's health care quality (Berdahl et al). 2010;10:95-118

Association of adolescent choking game activity with selected risk behaviors (Dake et al). 2010;10:410-6

Characteristics associated with low self-esteem among US adolescents (McClure et al). 2010;10:238-44, 238.e1-2

Factors associated with detection and receipt of treatment for youth with depression and anxiety disorders (Richardson et al). 2010;10:36-40

Knowledge gaps and misconceptions about over-the-counter analgesics among adolescents attending a hospital-based clinic (Wilson et al). 2010;10:228-32

Medicine safety among children and adolescents (Shone et al). 2010;10:218-9

Premature infants born to adolescent mothers: health care utilization after initial discharge (Ray et al). 2010;10:302-8

The ripples of adolescent motherhood: social, educational, and medical outcomes for children of teen and prior teen mothers (Jutte et al). 2010;10:293-301

Airway obstruction

Association of adolescent choking game activity with selected risk behaviors (Dake et al). 2010;10:410-6

Analgesics

Knowledge gaps and misconceptions about over-the-counter analgesics among adolescents attending a hospital-based clinic (Wilson et al). 2010;10:228-32

Anti-anxiety agents

Assessment of disparities in the use of anxiolysis and sedation among children undergoing laceration repair (Brodzinski et al). 2010;10:194-9

Anxiety disorders

Factors associated with detection and receipt of treatment for youth with depression and anxiety disorders (Richardson et al). 2010;10:36-40

Anxiolysis; *see* Anti-anxiety agents

Asthma

Comparing medical homes for children with ADHD and asthma (Toomey et al). 2010;10:56-63

Attention deficit disorder with hyperactivity

Comparing medical homes for children with ADHD and asthma (Toomey et al). 2010;10:56-63

B

Beds

Bed sharing among black infants and sudden infant death syndrome: interactions with other known risk factors (Fu et al). 2010;10:376-82

Body mass index

Changes in body mass index z score over the course of the academic year among children attending head start (Lumeng et al). 2010;10:179-86

Body weight

Use of a pediatrician toolkit to address parental perception of children's weight status, nutrition, and activity behaviors (Perrin et al). 2010;10:274-81

Book reviews

Book reviews. 2010;10:75

Breast feeding

Are 2 weeks of daily breastfeeding support insufficient to overcome the influences of formula? (Bunik et al). 2010;10:21-8

How do we support women and families in breastfeeding? (Holmes and Howard). 2010;10:10-1

A randomized controlled community-based trial to improve breastfeeding rates among urban low-income mothers (Pugh et al). 2010;10:14-20

C

Child

Child health policy: where are you when we need you? (Wise). 2010;10:285-6

Comparing medical homes for children with ADHD and asthma (Toomey et al). 2010;10:56-63

A comparison of school injuries between children with and without disabilities (Ramirez et al). 2010;10:317-22

Factors associated with discipline counseling for parents of infants and young children (Regalado et al). 2010;10:353-9

Health care reform for children: views from the Academic Pediatric Association (Oreskovic et al). 2010;10:153-4

Health reform and beyond: delivering results for children (Simpson et al). 2010;10:287-8

Identifying children with lifelong chronic conditions for care coordination by using hospital discharge data (Neff et al). 2010;10:417-23

Impact of managed care on publicly insured children with special health care needs (Huffman et al). 2010;10:48-55

The importance of early parenting in at-risk families and children's social-emotional adaptation to school (McFarlane et al). 2010;10:330-7

The medical home, preventive care screenings, and counseling for children: evidence from the medical expenditure panel survey (Romaine and Bell). 2010;10:338-45

Medicine safety among children and adolescents (Shone et al). 2010;10:218-9

The ripples of adolescent motherhood: social, educational, and medical outcomes for children of teen and prior teen mothers (Jutte et al). 2010;10:293-301

Child, preschool

Changes in body mass index z score over the course of the academic year among children attending head start (Lumeng et al). 2010;10:179-86

Socioeconomic risk factors for mental health problems in 4–5-year-old children: Australian population study (Davis et al). 2010;10:41-7

Child development

Is developmental and behavioral pediatrics training related to perceived responsibility for treating mental health problems? (Horwitz et al). 2010;10:252-9

Child health; see Child welfare**Child health services**

- Annual report on health care for children and youth in the United States: racial/ethnic and socioeconomic disparities in children's health care quality (Berdahl et al). 2010;10:95-118
- Associations of providers' language and cultural skills with Latino parents' perceptions of well-child care (Arauz Boudreau et al). 2010;10:172-8
- Double jeopardy: what social risk adds to biomedical risk in understanding child health and health care utilization (Stein et al). 2010;10:165-71
- Health care reform for children: views from the Academic Pediatric Association (Oreskovic et al). 2010;10:153-4

Child welfare

- Child health care disparities: findings from the annual report on children's health care (Pachter). 2010;10:87-8
- The family-centered medical home: specific considerations for child health research and policy (Stille et al). 2010;10:211-7
- The wisdom, the will, and the wallet: leadership on behalf of kids and families (Cheng). 2010;10:81-6

Children; see Child, preschool**Clinical clerkship**

- Peer-facilitated virtual action learning: reflecting on critical incidents during a pediatric clerkship (Plack et al). 2010;10:146-52

Clinical competence

- The next phase of pediatric residency education: the partnership of the milestones project (Rushton et al). 2010;10:91-2
- Outcome and process in pediatric education: Does the whole equal the sum of the parts? (Roberts). 2010;10:1-6

Communication

- Training clinicians in mental health communication skills: impact on primary care utilization (Gadomski et al). 2010;10:346-52

Comparative effectiveness research

- Identifying Child Health Priorities for Comparative Effectiveness Research from the IOM's Report (Carle and Simpson). 2010;10:155-8

Computer-assisted instruction

- Effectiveness of an online pediatric primary care curriculum (Baker et al). 2010;10:131-7

Consumer health information

- Evaluation of consumer medical information and oral liquid measuring devices accompanying pediatric prescriptions (Wallace et al). 2010;10:224-7

Continental population groups

- Adolescent fighting: racial/ethnic disparities and the importance of families and schools (Shetgiri et al). 2010;10:323-9
- Annual report on health care for children and youth in the United States: racial/ethnic and socioeconomic disparities in children's health care quality (Berdahl et al). 2010;10:95-118

Continuity of patient care

- Continuity of care in fixed-day versus variable-day resident continuity clinics (Lerner and Chung). 2010;10:119-23

Cough

- Physician and parent response to the FDA advisory about use of over-the-counter cough and cold medications (Garbutt et al). 2010;10:64-9

Counseling

- Factors associated with discipline counseling for parents of infants and young children (Regalado et al). 2010;10:353-9
- The medical home, preventive care screenings, and counseling for children: evidence from the medical expenditure panel survey (Romaine and Bell). 2010;10:338-45

Craniocerebral trauma

- A case-control study to evaluate Utah's shaken baby prevention program (Keenan and Leventhal). 2010;10:389-94

Cultural competency

- Associations of providers' language and cultural skills with Latino parents' perceptions of well-child care (Arauz Boudreau et al). 2010;10:172-8

Curriculum

- Effectiveness of an online pediatric primary care curriculum (Baker et al). 2010;10:131-7

D**Data interpretation, statistical**

- Techniques for handling missing data in secondary analyses of large surveys (Langkamp et al). 2010;10:205-10

Delivery of health care

- Double jeopardy: what social risk adds to biomedical risk in understanding child health and health care utilization (Stein et al). 2010;10:165-71
- Health reform and beyond: delivering results for children (Simpson et al). 2010;10:287-8
- Identifying children with lifelong chronic conditions for care coordination by using hospital discharge data (Neff et al). 2010;10:417-23
- Impact of managed care on publicly insured children with special health care needs (Huffman et al). 2010;10:48-55
- Premature infants born to adolescent mothers: health care utilization after initial discharge (Ray et al). 2010;10:302-8

Depression

- Factors associated with detection and receipt of treatment for youth with depression and anxiety disorders (Richardson et al). 2010;10:36-40

Disabled children

- A comparison of school injuries between children with and without disabilities (Ramirez et al). 2010;10:317-22

E**Early intervention (education)**

- Changes in body mass index z score over the course of the academic year among children attending head start (Lumeng et al). 2010;10:179-86

Education, medical

- The Association of Pediatric Program Directors' strategic plan: an opportunity for transformational change (Burke et al). 2010;10:220-1
- Celebrating education and building the community of pediatric educators (Gusic). 2010;10:89-90
- Individualized learning plans: basics and beyond (Li and Burke). 2010;10:289-92
- The next phase of pediatric residency education: the partnership of the milestones project (Rushton et al). 2010;10:91-2
- Outcome and process in pediatric education: Does the whole equal the sum of the parts? (Roberts). 2010;10:1-6
- A pediatrics-based instrument for assessing resident education in evidence-based practice (Chernick et al). 2010;10:260-5
- Resident work duty hour requirements: medical educators' perspectives (Burke et al). 2010;10:369-71

Emergency service, hospital

- Practice characteristics that influence nonurgent pediatric emergency department utilization (Sturm et al). 2010;10:70-4

Ethnic groups

- Adolescent fighting: racial/ethnic disparities and the importance of families and schools (Shetgiri et al). 2010;10:323-9
- Annual report on health care for children and youth in the United States: racial/ethnic and socioeconomic disparities in children's health care quality (Berdahl et al). 2010;10:95-118

Evidence-based practice

- A pediatrics-based instrument for assessing resident education in evidence-based practice (Chernick et al). 2010;10:260-5

F**Family**

- Adolescent fighting: racial/ethnic disparities and the importance of families and schools (Shetgiri et al). 2010;10:323-9
