

Accepted Manuscript

Special Issue on knowledge-based software engineering

Rafael Valencia-García, Giner Alor-Hernández

PII: S0167-6423(16)00049-6
DOI: <http://dx.doi.org/10.1016/j.scico.2016.02.005>
Reference: SCICO 1988

To appear in: *Science of Computer Programming*

Received date: 15 February 2016
Revised date: 19 February 2016
Accepted date: 19 February 2016

Please cite this article in press as: R. Valencia-García, G. Alor-Hernández, Special Issue on knowledge-based software engineering, *Sci. Comput. Program.* (2016), <http://dx.doi.org/10.1016/j.scico.2016.02.005>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights

- Special issue devoted to explore the recent advances in the application of knowledge-based technologies in software engineering.
- The original Call for Papers led to the submission of 23 research papers.
- 9 high-quality research contributions have been gathered.
