Synthesis of molybdenum-incorporated mesoporous silicates by evaporation-induced self-assembly: Insights into surface oxide species and corresponding olefin metathesis activity

Anand Ramanathan, Jian-Feng Wu, Rajamanickam Maheswari, Yongfeng Hu, Bala Subramaniam

PII: S1387-1811(17)30151-8

DOI: [10.1016/j.micromeso.2017.03.001](https://doi.org/10.1016/j.micromeso.2017.03.001)

Reference: MICMAT 8189

To appear in: *Microporous and Mesoporous Materials*

Received Date: 7 November 2016

Revised Date: 26 February 2017

Accepted Date: 1 March 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
