

## Accepted Manuscript

Influence of physicochemical properties of Brazilian serpentinites on the leaching process for indirect CO<sub>2</sub> mineral carbonation

Gretta Larisa Aurora Arce Ferrufino, Turibio Gomes Soares Neto, Ivonete Ávila, Carlos Manuel Romero Luna, José Carlos dos Santos, João Andrade de Carvalho

PII: S0304-386X(16)30276-6  
DOI: doi: [10.1016/j.hydromet.2017.01.003](https://doi.org/10.1016/j.hydromet.2017.01.003)  
Reference: HYDROM 4494  
To appear in: *Hydrometallurgy*  
Received date: 23 May 2016  
Revised date: 10 November 2016  
Accepted date: 21 January 2017

Please cite this article as: Gretta Larisa Aurora Arce Ferrufino, Turibio Gomes Soares Neto, Ivonete Ávila, Carlos Manuel Romero Luna, José Carlos dos Santos, João Andrade de Carvalho , Influence of physicochemical properties of Brazilian serpentinites on the leaching process for indirect CO<sub>2</sub> mineral carbonation. The address for the corresponding author was captured as affiliation for all authors. Please check if appropriate. Hydrom(2017), doi: [10.1016/j.hydromet.2017.01.003](https://doi.org/10.1016/j.hydromet.2017.01.003)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**INFLUENCE OF PHYSICOCHEMICAL PROPERTIES OF BRAZILIAN  
SERPENTINITES ON THE LEACHING PROCESS FOR INDIRECT CO<sub>2</sub>  
MINERAL CARBONATION**

Gretta Larisa Aurora Arce Ferrufino<sup>1,2,\*</sup>; Turibio Gomes Soares Neto<sup>1</sup>; Ivonete Ávila<sup>2</sup>;  
Carlos Manuel Romero Luna<sup>2</sup>; José Carlos dos Santos<sup>1</sup>; João Andrade de Carvalho Jr<sup>2</sup>.
