

## Accepted Manuscript

Excess molar volumes and viscosity behaviour of binary mixtures of aniline/or *N*, *N*-dimethylaniline with imidazolium ionic liquids having triflate or bistriflamideAnion

Danijela Soldatović, Jelena Vuksanović, Ivona Radović, Zoran Višak, Mirjana Kijevčanin

PII: S0021-9614(17)30034-4  
DOI: <http://dx.doi.org/10.1016/j.jct.2017.02.007>  
Reference: YJCHT 4975

To appear in: *J. Chem. Thermodynamics*

Received Date: 12 July 2016  
Revised Date: 7 February 2017  
Accepted Date: 8 February 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Excess molar volumes and viscosity behaviour of binary mixtures of aniline/or *N, N*-dimethylaniline with imidazolium ionic liquids having triflate or bistriflamide Anion**
