Title: Selective recovery of rare earth elements from aqueous solution obtained from coal power plant ash

Author: Josiane Ponou Gjergj Dodbiba Ji-Whan Anh
Toyohisa Fujita

PII: S2213-3437(16)30305-0
DOI: <http://dx.doi.org/doi:10.1016/j.jece.2016.08.019>
Reference: JECE 1227

To appear in:

Received date: 9-6-2016
Revised date: 15-8-2016
Accepted date: 17-8-2016

Please cite this article as: Josiane Ponou, Gjergj Dodbiba, Ji-Whan Anh, Toyohisa Fujita, Selective recovery of rare earth elements from aqueous solution obtained from coal power plant ash, Journal of Environmental Chemical Engineering <http://dx.doi.org/10.1016/j.jece.2016.08.019>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Selective recovery of rare earth elements from aqueous solution obtained from coal power plant ash
