

Accepted Manuscript

Title: Bio-oil production from refinery oily sludge using hydrothermal liquefaction technology

Authors: Mohammad Ali Nazem, Omid Tavakoli

PII: S0896-8446(16)30559-9

DOI: <http://dx.doi.org/doi:10.1016/j.supflu.2017.03.020>

Reference: SUPFLU 3889

To appear in: *J. of Supercritical Fluids*

Received date: 19-12-2016

Revised date: 22-3-2017

Accepted date: 23-3-2017

Please cite this article as: Mohammad Ali Nazem, Omid Tavakoli, Bio-oil production from refinery oily sludge using hydrothermal liquefaction technology, The Journal of Supercritical Fluids <http://dx.doi.org/10.1016/j.supflu.2017.03.020>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Bio-oil production from refinery oily sludge using hydrothermal liquefaction technology
