Integrated adsorption-membrane filtration process for antibiotic removal from aqueous solution

Vibhu Sharma, R. Vinoth Kumar, Kannan Pakshirajan, G. Pugazhenthithi

PII: S0032-5910(17)30683-6
DOI: doi:[10.1016/j.powtec.2017.08.040](https://doi.org/10.1016/j.powtec.2017.08.040)
Reference: PTEC 12779

To appear in: *Powder Technology*

Received date: 13 January 2017
Revised date: 7 July 2017
Accepted date: 9 August 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Integrated Adsorption-Membrane Filtration Process for Antibiotic
Removal from Aqueous Solution**
