Title: Empirical model for evaluating power consumption of centrifugal chillers

Author: Handong Wang

PII: S0378-7788(16)31124-0

DOI: <http://dx.doi.org/doi:10.1016/j.enbuild.2017.02.019>

Reference: ENB 7380

To appear in: *ENB*

Received date: 8-10-2016

Accepted date: 8-2-2017

Please cite this article as: Handong Wang, Empirical model for evaluating power consumption of centrifugal chillers, Energy and Buildings <http://dx.doi.org/10.1016/j.enbuild.2017.02.019>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Empirical model for evaluating power consumption of centrifugal chillers
