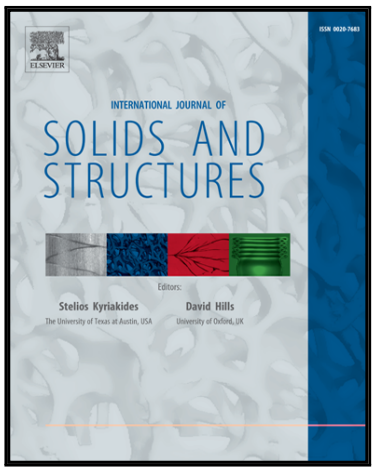
Accepted Manuscript



Verification of Crack Opening Criterion Deduced by Newly Derived Micro-Crack Evolution Equation

Michiaki Kobayashi

PII: S0020-7683(16)30359-6
DOI: 10.1016/j.ijsolstr.2016.11.025
Reference: SAS 9378

To appear in: *International Journal of Solids and Structures*

Received date: 6 July 2016
Revised date: 24 October 2016
Accepted date: 25 November 2016

Please cite this article as: Michiaki Kobayashi , Verification of Crack Opening Criterion Deduced by Newly Derived Micro-Crack Evolution Equation, *International Journal of Solids and Structures* (2016), doi: 10.1016/j.ijsolstr.2016.11.025

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
