Title: A Simultaneous Approach for Optimal Allocation of Renewable Energy Sources and Charging Stations based on Improved GA-PSO Algorithm

Authors: Mostafa Rezaei Mozafar, Mohammad H. Moradi, M. Hadi Amini

PII: S2210-6707(16)30603-5
DOI: <http://dx.doi.org/doi:10.1016/j.scs.2017.05.007>
Reference: SCS 653

To appear in:

Received date: 15-11-2016
Revised date: 8-5-2017
Accepted date: 8-5-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

A Simultaneous Approach for Optimal Allocation of Renewable Energy Sources and Charging Stations based on Improved GA-PSO Algorithm
