Water Sensitivity and Microstructure of Compacted Loess

Fuli Ma, Jing Yang, Xiaohong Bai

PII: S2214-3912(16)30084-8

DOI: <http://dx.doi.org/10.1016/j.trgeo.2017.03.003>

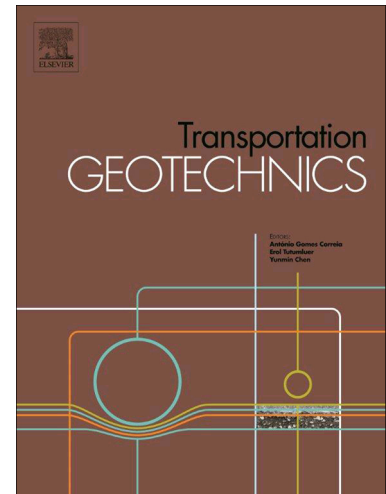

Reference: TRGEO 115

To appear in: *Transportation Geotechnics*

Received Date: 19 October 2016

Revised Date: 22 February 2017

Accepted Date: 27 March 2017

Please cite this article as: F. Ma, J. Yang, X. Bai, Water Sensitivity and Microstructure of Compacted Loess, *Transportation Geotechnics* (2017), doi: <http://dx.doi.org/10.1016/j.trgeo.2017.03.003>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Water Sensitivity and Microstructure of Compacted Loess
