This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Specific Components of Pediatricians' Attention-Deficit/Hyperactivity Disorder (ADHD) Medication-Related Care Predict ADHD Symptom Improvement

RH: ADHD Care Predicts Improvement

Jeffery N. Epstein, PhD; Kelly J. Kelleher, MD; Rebecca Baum, MD; William B. Brinkman, MD, MEd, MSc; James Peugh, PhD; William Gardner, PhD; Phil Lichtenstein, MD; Joshua M. Langberg, PhD

This article is discussed in an editorial by Dr. Barry Sarvet on page xx.

Clinical guidance is available at the end of this article.

Supplemental material cited in this article is available online.

Accepted March 29, 2017

Drs. Epstein, Brinkman, and Peugh are with the Cincinnati Children's Hospital Medical Center, Cincinnati, OH. Drs. Kelleher and Baum are with Nationwide Children's Hospital, Columbus. Dr. Gardner is with the University of Ottawa, Ontario, Canada, and the Research Institute at Children's Hospital of Eastern Ontario, Ottawa. Dr. Lichtenstein is with the Children's Home of Cincinnati. Dr. Langberg is with Virginia Commonwealth University, Richmond.

This research was supported by grant #R01 MH083665 from the National Institute of Mental Health and grant #UL1 TR000077 from the National Center for Advancing Translational Sciences of the National Institutes of Health (NIH). Drs. Epstein and Brinkman were supported by grant #s K24MH064478 and K23MH083027 from the National Institute of Mental Health, respectively. The content is solely the responsibility of the authors and does not necessarily represent the official views of the NIH.

Dr. Peugh served as the statistical expert for this study.

Disclosure: Drs. Epstein, Kelleher, and Baum have all received consulting fees and/or travel reimbursement from the American Academy of Pediatrics. Dr. Epstein has received research funding and consulting fees from Akili Interactive Labs. He, along with his institution, own the intellectual property and licensing rights for the internet-based software used in this study. Dr. Kelleher has received travel reimbursement from the National Academy of Medicine. Drs. Brinkman, Peugh, Gardner, Lichtenstein, and Langberg report no biomedical financial interests or potential conflicts of interest.
