This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

## **A Randomized Clinical Trial Comparing Family-Focused Treatment and Individual Supportive Therapy for Depression in Childhood and Early Adolescence**

Running Head: RCT Childhood Depressive Disorders

Martha C. Tompson, PhD; Catherine A. Sugar, PhD; David A. Langer, PhD; Joan R. Asarnow, PhD

This article is discussed in an editorial by Dr. Laura J. Dietz on p. xx.

Accepted March 31, 2017

Drs. Tompson and Langer are with Boston University. Drs. Sugar and Asarnow are with University of California, Los Angeles Semel Institute for Neuroscience and Human Behavior.

This work was supported by grants from the National Institute of Mental Health (MH082861, PI: Martha C. Tompson, PhD; MH082856, PI: Joan R Asarnow, PhD).

Dr. Sugar served as the statistical expert for this research.

Disclosure: Dr. Tompson has received research support from the National Institute of Mental Health (NIMH), the Patient Centered Outcomes Research Institute (PCORI), and the Smith Family Foundation; book royalties from Guilford Press and BVT Publishing; and honoraria from the American Psychological Association (APA). Dr. Sugar has received research support from the National Institutes of Health (NIH) through multiple divisions including the National Institute of Mental Health (NIMH), the National Institute of General Medical Sciences (NIGMS), the National Institute of Child Health and Human Development (NICHD), the National Institute of Allergy and Infectious Diseases (NIAID), and the National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK); the Health Resources and Services Administration (HRSA); the US Department of Veterans Affairs; and the John Templeton Foundation. She has served on technical experts panels for the Centers for Medicare and Medicaid Services and Data Safety and Monitoring Boards for both academic institutions and Kaiser Permanente. Dr. Langer has received research support from the National Institute of Mental Health (NIMH) and honoraria from the Society for Clinical Child and Adolescent Psychology (Division 53 of the APA). Dr. Asarnow has received grant or research support from the National Institute of Mental Health (NIMH), American Foundation for Suicide Prevention, the American Psychological Association (APA) Committee on Division/APA Relations, and the Society of Clinical Child and Adolescent Psychology (Division 53 of the APA). She has served as a consultant on quality improvement interventions for depression and suicidal/self-harm behavior.
