## Accepted Manuscript

A pilot study of online feedback for adult drinkers 50 and older: Feasibility, efficacy, and preferences for intervention

Alexis N. Kuerbis, Lisa Hail, Alison A. Moore, Frederick J. Muench

PII: S0740-5472(17)30093-4

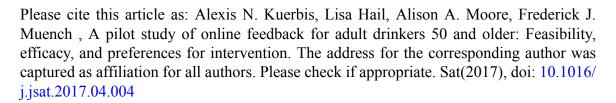

DOI: doi: 10.1016/j.jsat.2017.04.004

Reference: SAT 7570

To appear in:

Received date: 25 February 2017

Revised date: 6 April 2017 Accepted date: 7 April 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
