

## Accepted Manuscript

Context-Aware Decision Making Under Uncertainty for Voice-based Control of Smart Home

Pedro Chahuara, François Portet, Michel Vacher

PII: S0957-4174(17)30023-4  
DOI: [10.1016/j.eswa.2017.01.014](https://doi.org/10.1016/j.eswa.2017.01.014)  
Reference: ESWA 11062

To appear in: *Expert Systems With Applications*

Received date: 10 February 2016  
Revised date: 16 January 2017  
Accepted date: 17 January 2017

Please cite this article as: Pedro Chahuara, François Portet, Michel Vacher, Context-Aware Decision Making Under Uncertainty for Voice-based Control of Smart Home, *Expert Systems With Applications* (2017), doi: [10.1016/j.eswa.2017.01.014](https://doi.org/10.1016/j.eswa.2017.01.014)

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Highlights**

- Unified framework for decision systems to handle uncertainty and logical knowledge
- The context awareness make it possible natural voice commands
- The framework make it possible the integration of new inference modules
- The context aware decision module can be learned from data
- Experimented in a real smart home with people interacting with the system by voice
