

## Accepted Manuscript

Distance and density based clustering algorithm using Gaussian kernel

Emre Güngör, Ahmet Özmen

PII: S0957-4174(16)30553-X  
DOI: [10.1016/j.eswa.2016.10.022](https://doi.org/10.1016/j.eswa.2016.10.022)  
Reference: ESWA 10927

To appear in: *Expert Systems With Applications*

Received date: 23 June 2016  
Revised date: 2 October 2016  
Accepted date: 11 October 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Highlights**

- The new algorithm uses Gaussian kernel and distances to form clusters.
- The new approach does not require any special parameters prior to run.
- Resulting clusters do not change at different runs
