Relating observability and compressed sensing of time-varying signals in recurrent linear networks

MohammadMehdi Kafashan, Anirban Nandi, ShiNung Ching

PII: S0893-6080(16)30089-2

DOI: <http://dx.doi.org/10.1016/j.neunet.2016.07.007>

Reference: NN 3642

To appear in: *Neural Networks*

Received date: 14 January 2016

Revised date: 13 July 2016

Accepted date: 15 July 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Relating Observability and Compressed Sensing of Time-Varying Signals in Recurrent Linear Networks
