

## Accepted Manuscript

Position based cryptography with location privacy: A step for Fog Computing

Rupeng Yang, Qiuliang Xu, Man Ho Au, Zuoxia Yu, Hao Wang, Lu Zhou

PII: S0167-739X(17)31103-2

DOI: <http://dx.doi.org/10.1016/j.future.2017.05.035>

Reference: FUTURE 3483

To appear in: *Future Generation Computer Systems*

Received date: 14 May 2016

Revised date: 26 April 2017

Accepted date: 28 May 2017

Please cite this article as: R. Yang, et al., Position based cryptography with location privacy: A step for Fog Computing, *Future Generation Computer Systems* (2017), <http://dx.doi.org/10.1016/j.future.2017.05.035>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

- We define location privacy for positioning protocol in the bounded retrieval model
- We construct secure positioning protocol with location privacy
- We build advanced location aware cryptographic applications with location privacy
