Reference: COMCOM 5426

To appear in: *Computer Communications*

Received date: 24 May 2016
Revised date: 14 October 2016
Accepted date: 18 December 2016

Please cite this article as: Michele A. Brandão, Mirella M. Moro, Social Professional Networks: a Survey and Taxonomy, *Computer Communications* (2016), doi: 10.1016/j.comcom.2016.12.011

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

Highlights

- Main definitions of different social professional networks types
- A general taxonomy to social professional networks regarding issues and tasks
- A relationship among publications on recommendations, clustering and ranking approaches.
