This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Highlights

- Provides a better understanding of SPL adoption in the context of SMEs.
- A set of empirical studies performed in academic and industry environments.
- Inputs to establish guidelines for SPL adoption.
- A discussion of the evidences, with insights to guide future investigations.
