This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

ACCEPTED MANUSCRIPT

Highlights

- Classify software cybernetics as Software Cybernetics I and II.
- Identify the transition from Software Cybernetics I to Software Cybernetics II.
- Indicate that some new research areas are related to Software Cybernetics II.
- Highlight new research trends of Software Cybernetics II for further research.
