### THE AUTHOR BIOGRAPHIES

---

**RAMÓN TIRADO-MORUETA** Ph.D. is a Professor at the Department of Education at the University of Huelva (Spain), lecturing in the field of Educational Technology. His research career has been organized around the variable modulating effects and application of ICT in many educational contexts. Recently, he has published several scientific articles focused on the analysis of processes of cooperative learning and learning communities supported by the use of technological resources, as well as the contrast of theories about the influence of external and internal factors in the integration of teaching information technology and communication in primary schools, secondary schools and universities. E-mail: [rtirado@uhu.es](mailto:rtirado@uhu.es)

**IGNACIO AGUADED** Ph.D. Chair and Full Professor at the Department of Education of the University of Huelva (Spain). He leads the fields of Technology and Innovation and is the Chairman of Group *Comunicar*, in Andalusia, a veteran in Spain in Education through Mass Media. He is the Editor of «Comunicar», Media Education Research Journal (JCR, Scopus), which is distributed in Europe and America. He is also scientific advisor to several national and international scientific journals, as well as manager of «Agora» Investigation Group, developing various international investigation projects. He has participated in many educational/investigation activities in the didactic use of mass media and has been the organizer
