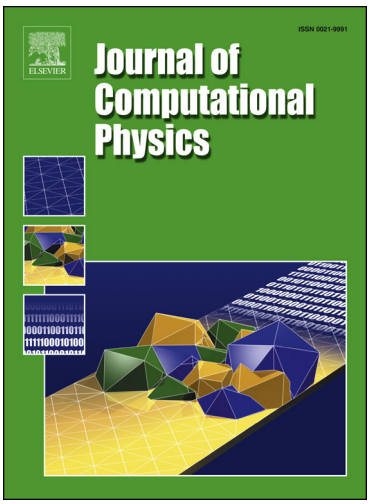
Accepted Manuscript



Sampling algorithms for validation of supervised learning models for Ising-like systems

Nataliya Portman, Isaac Tamblyn

PII: S0021-9991(17)30499-0
DOI: http://dx.doi.org/10.1016/j.jcp.2017.06.045
Reference: YJCPH 7444

To appear in: *Journal of Computational Physics*

Received date: 26 November 2016
Revised date: 7 May 2017
Accepted date: 29 June 2017

Please cite this article in press as: N. Portman, I. Tamblyn, Sampling algorithms for validation of supervised learning models for Ising-like systems, *J. Comput. Phys.* (2017), http://dx.doi.org/10.1016/j.jcp.2017.06.045

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
