Title: Sustainable magnet-responsive nanomaterials for the removal of arsenic from contaminated water

Authors: Roberto Nisticò, Luisella R. Celi, Alessandra Bianco Prevot, Luciano Carlos, Giuliana Magnacca, Elena Zanzo, Maria Martin

PII: S0304-3894(17)30625-8
DOI: <http://dx.doi.org/10.1016/j.jhazmat.2017.08.034>
Reference: HAZMAT 18799

To appear in: *Journal of Hazardous Materials*

Received date: 5-3-2017
Revised date: 11-8-2017
Accepted date: 13-8-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Sustainable magnet-responsive nanomaterials for the removal of arsenic from contaminated water
