Title: Anisotropic surface properties of calcite: A consideration of surface broken bonds

Authors: Zhiyong Gao, Chengwei Li, Wei Sun, Yuehua Hu

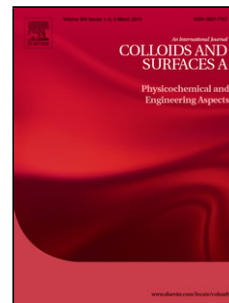

PII: S0927-7757(17)30097-3
DOI: <http://dx.doi.org/doi:10.1016/j.colsurfa.2017.01.061>
Reference: COLSUA 21325

To appear in: *Colloids and Surfaces A: Physicochem. Eng. Aspects*

Received date: 5-12-2016
Revised date: 15-1-2017
Accepted date: 20-1-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Anisotropic surface properties of calcite: A consideration of surface broken bonds

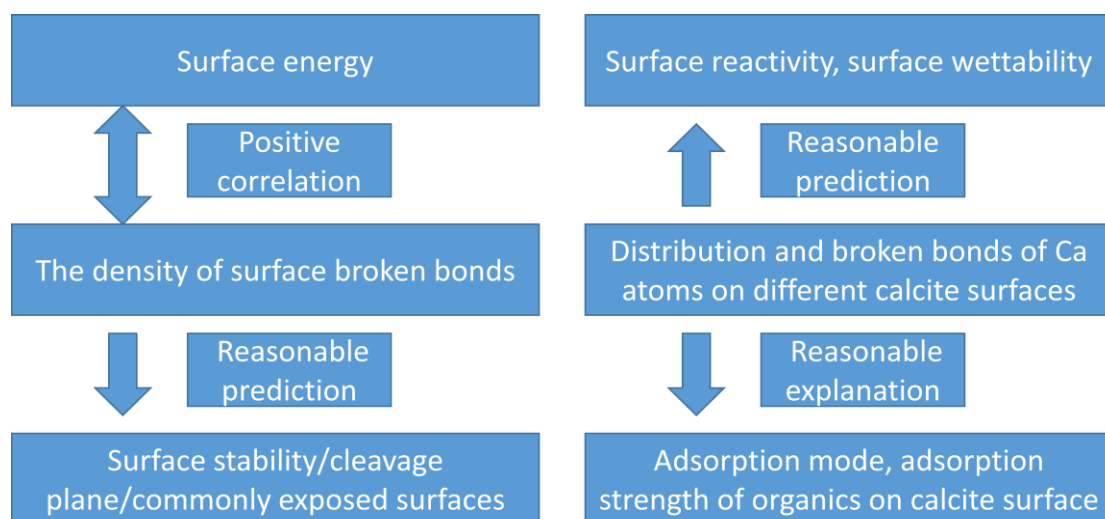

Zhiyong Gao, Chengwei Li, Wei Sun*, Yuehua Hu*

School of Minerals Processing and Bioengineering, Central South University, Changsha 410083, China
