Title: Phosphate removal from aqueous solutions using Zero Valent Iron (ZVI): influence of solution composition and ZVI aging

Author: Nathalie Sleiman Véronique Deluchat Mahmoud Wazne Martine Mallet Alexandra Courtin-Nomade Véronique Kazpard Michel Baudu

PII: S0927-7757(16)30951-7
DOI: <http://dx.doi.org/doi:10.1016/j.colsurfa.2016.11.014>
Reference: COLSUA 21151

To appear in: *Colloids and Surfaces A: Physicochem. Eng. Aspects*

Received date: 26-5-2016
Revised date: 2-11-2016
Accepted date: 4-11-2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Phosphate removal from aqueous solutions using Zero Valent Iron (ZVI): influence of solution composition and ZVI aging
