Physicochemical behaviour of semi-rigid biopolymers in aqueous medium

Marguerite Rinaudo

PII: S0268-005X(16)30421-0

DOI: [10.1016/j.foodhyd.2016.09.015](https://doi.org/10.1016/j.foodhyd.2016.09.015)

Reference: FOOHYD 3590

To appear in: *Food Hydrocolloids*

Received Date: 31 May 2016

Revised Date: 24 August 2016

Accepted Date: 14 September 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Graphical abstract

Example of spherulites formed in the cholesteric biphasic phase of xanthan in aqueous conditions.
