Terbium-Doped Manganese Carbonate Nanoparticles with Intrinsic Photoluminescence and Magnetic Resonance Imaging Capacity

Kang Liu, Xin Shi, Tingjian Wang, Penghui Ai, Wei Gu, Ling Ye

PII: S0021-9797(16)30666-X

DOI: <http://dx.doi.org/10.1016/j.jcis.2016.09.010>

Reference: YJCIS 21562

To appear in: *Journal of Colloid and Interface Science*

Received Date: 24 July 2016

Revised Date: 5 September 2016

Accepted Date: 6 September 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
