Title: Hybrid process for the purification of water contaminated with nitrites: Ion exchange plus catalytic reduction

Authors: Gustavo Mendow, César I. Grosso, Agustina Sánchez, Carlos A. Querini

PII: S0263-8762(17)30386-6
DOI: <http://dx.doi.org/doi:10.1016/j.cherd.2017.07.019>
Reference: CHERD 2760

To appear in:

Received date: 27-1-2017
Revised date: 27-6-2017
Accepted date: 12-7-2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

Hybrid Process for the Purification of Water Contaminated with Nitrites: Ion Exchange plus Catalytic Reduction.

Gustavo Mendow, César I. Grosso, Agustina Sánchez, Carlos A. Querini*.
