

## Author's Accepted Manuscript

Optimal control of physical backwash strategy -  
towards the enhancement of membrane filtration  
process performance

Nesrine Kalboussi, Jérôme Harmand, Alain  
Rapaport, T rence Bayen, Fatma Ellouze, Nihel  
Ben Amar

PII: S0376-7388(17)31916-6  
DOI: <http://dx.doi.org/10.1016/j.memsci.2017.09.053>  
Reference: MEMSCI15591

To appear in: *Journal of Membrane Science*

Received date: 5 July 2017  
Revised date: 13 September 2017  
Accepted date: 14 September 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
