

Author's Accepted Manuscript

Cross-linked fibrous composite separator for high performance lithium-ion batteries with enhanced safety

Sae-Rom Park, Yun-Chae Jung, Won-Kyung Shin, Kyoung Ho Ahn, Chul Haeng Lee, Dong-Won Kim

PII: S0376-7388(16)32081-6
DOI: <http://dx.doi.org/10.1016/j.memsci.2017.01.015>
Reference: MEMSCI15006

To appear in: *Journal of Membrane Science*

Received date: 28 October 2016
Revised date: 22 December 2016
Accepted date: 7 January 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting galley proof before it is published in its final citable form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain
