

## Accepted Manuscript

Strategical approach to prevent ammonia formation during electrocoagulation of landfill leachate obtained from a biofiltration process

Dia Oumar, Drogui Patrick, Buelna Gerardo, Dubé Rino

PII: S1383-5866(17)30723-2

DOI: <http://dx.doi.org/10.1016/j.seppur.2017.08.023>

Reference: SEPPUR 13965

To appear in: *Separation and Purification Technology*

Received Date: 4 March 2017

Revised Date: 8 August 2017

Accepted Date: 8 August 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Strategical approach to prevent ammonia formation during  
electrocoagulation of landfill leachate obtained from a  
biofiltration process**
