

## Accepted Manuscript

Ultrasound assisted extraction in aqueous two-phase system for the integrated extraction and separation of antioxidants from wheat chaff

Tatjana Đorđević, Mirjana Antov

PII: S1383-5866(17)30044-8

DOI: <http://dx.doi.org/10.1016/j.seppur.2017.03.025>

Reference: SEPPUR 13611

To appear in: *Separation and Purification Technology*

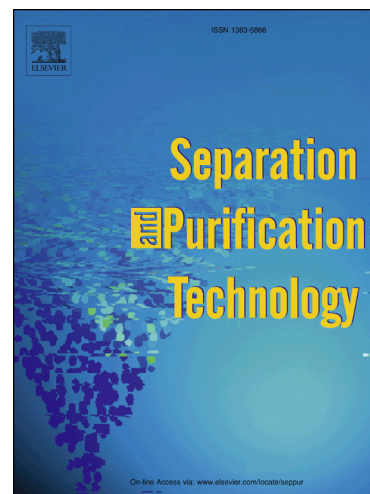

Received Date: 5 January 2017

Revised Date: 9 March 2017

Accepted Date: 15 March 2017

Please cite this article as: T. Đorđević, M. Antov, Ultrasound assisted extraction in aqueous two-phase system for the integrated extraction and separation of antioxidants from wheat chaff, *Separation and Purification Technology* (2017), doi: <http://dx.doi.org/10.1016/j.seppur.2017.03.025>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Ultrasound assisted extraction in aqueous two-phase system for the  
integrated extraction and separation of antioxidants from wheat  
chaff**
