

## Accepted Manuscript

Experimental investigation of filmwise and dropwise condensation inside transparent circular tubes

Dong Eok Kim, Ho Seon Ahn, Tae-Soon Kwon

PII: S1359-4311(16)31534-4

DOI: <http://dx.doi.org/10.1016/j.applthermaleng.2016.08.175>

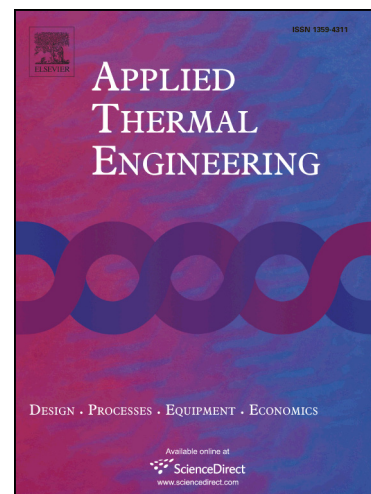

Reference: ATE 8974

To appear in: *Applied Thermal Engineering*

Received Date: 10 May 2016

Revised Date: 22 August 2016

Accepted Date: 27 August 2016

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
