

## Accepted Manuscript

Responses of microbial community to pH stress in bioleaching of low grade copper sulfide

Yuguang Wang, Kai Li, Xinhua Chen, Hongbo Zhou

PII: S0960-8524(17)31833-3  
DOI: <https://doi.org/10.1016/j.biortech.2017.10.016>  
Reference: BITE 19057

To appear in: *Bioresource Technology*

Received Date: 30 July 2017  
Revised Date: 30 September 2017  
Accepted Date: 5 October 2017

Please cite this article as: Wang, Y., Li, K., Chen, X., Zhou, H., Responses of microbial community to pH stress in bioleaching of low grade copper sulfide, *Bioresource Technology* (2017), doi: <https://doi.org/10.1016/j.biortech.2017.10.016>

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Responses of microbial community to pH stress in bioleaching of low grade copper sulfide**
