Autohydrolysis pretreatment assessment in ethanol production from agave bagasse

Leopoldo J. Rios-González, Thelma K. Morales-Martínez, María F. Rodríguez-Flores, José A. Rodríguez-De la Garza, David Castillo-Quiroz, Agustín J. Castro-Montoya, Alfredo Martinez

PII: S0960-8524(17)30309-7
DOI: <http://dx.doi.org/10.1016/j.biortech.2017.03.039>
Reference: BITE 17743

To appear in: *Bioresource Technology*

Received Date: 18 January 2017
Revised Date: 6 March 2017
Accepted Date: 8 March 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

**Autohydrolysis pretreatment assessment in ethanol production from
agave bagasse**
