The diversity, distribution and function of N-acyl-homoserine lactone (AHL) in industrial anaerobic granular sludge

Haijun Ma, Xuezhu Wang, Yan Zhang, Haidong Hu, Hongqiang Ren, Jinju Geng, Lili Ding

PII: S0960-8524(17)31592-4
DOI: <http://dx.doi.org/10.1016/j.biortech.2017.09.043>
Reference: BITE 18871

To appear in: *Bioresource Technology*

Received Date: 2 August 2017
Revised Date: 5 September 2017
Accepted Date: 6 September 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.

1 **The diversity, distribution and function of**
2 **N-acyl-homoserine lactone (AHL) in industrial anaerobic**
3 **granular sludge**
