Application of commercial and non-commercial immobilized lipases for biocatalytic production of ethyl lactate in organic solvents

Michalis Koutinas, Chrystalleni Yiangou, Natália M. Osório, Katerina Ioannou, Albert Canet, Francisco Valero, Suzana Ferreira-Dias

PII: S0960-8524(17)31695-4
DOI: <https://doi.org/10.1016/j.biortech.2017.09.130>
Reference: BITE 18958

To appear in: *Bioresource Technology*

Received Date: 24 July 2017
Revised Date: 16 September 2017
Accepted Date: 18 September 2017

This is a PDF file of an unedited manuscript that has been accepted for publication. As a service to our customers we are providing this early version of the manuscript. The manuscript will undergo copyediting, typesetting, and review of the resulting proof before it is published in its final form. Please note that during the production process errors may be discovered which could affect the content, and all legal disclaimers that apply to the journal pertain.
